

To the Council on Hypertension of the ESC

Through this letter, I wish express my intention to apply for the position of Communications Coordinator on the ESC Council on Hypertension.

I have twenty years of experience of clinical activity and research in the field of hypertension, in Spain. Over the past two years, I have held the position of Liaison Officer within the ESC Council on Hypertension's nucleus. This has been a stimulating experience, as it has allowed me to expand the council's relationships with associations, and councils within the ESC and other scientific societies. As a result, I acquired a considerable experience in the organizational aspects of the life of the Council, which I would like to exploit in a role of Communications coordinator. I would be delighted to provide assistance to the new Chair in innovative endeavours such as organising webinars and reviewing scientific documents.

I submit five relevant publications and respectfully request that the Council consider my application for the position of communications coordinator. I sincerely hope to continue to actively contribute to the life of the ESC Council on Hypertension.

Yours sincerely

Miguel Camafort Babkowski
