

Elections to Council Nucleus and Nominating committee 2024-2026

Motivation letter: What would you do if successfully elected? (250 words max)

If successfully elected as the Education & Scientific Programme Coordinator of the ESC Council on Stroke, my primary focus would be to elevate the educational and scientific initiatives of the council to new heights. I am driven by a deep passion for advancing knowledge and fostering collaboration within the stroke community.

Firstly, I would develop a comprehensive education strategy aimed at catering to the diverse needs of our members. This would involve designing and implementing targeted educational programs, workshops, and webinars to enhance the skill set of healthcare professionals and researchers in the field of stroke. Additionally, I would explore innovative ways to engage young members, ensuring their active participation and integration into educational activities. As the communications and young community coordinator of the ESC Council on Stroke, I focused on social media development, newsletters, and collaboration with young cardiologist societies around Europe.

Collaboration would be a cornerstone of my approach. I would foster partnerships with leading experts, institutions, and industry stakeholders to bring cutting-edge scientific content to our events. By curating a dynamic and relevant scientific program for conferences, I aim to attract a broader audience and establish the ESC Council on Stroke as a thought leader in stroke research and treatment.

Lastly, I recognize the importance of feedback and adaptability. I would establish channels for member input, ensuring that the educational and scientific programs are responsive to the evolving needs of the stroke community.

In summary, my role as the Education & Scientific Programme Coordinator would be characterized by innovation, collaboration, and a steadfast commitment to advancing stroke education and research within the ESC community.

Best regards,

Panteleimon E. Papakonstantinou

Education & Scientific Programme Coordinator Candidate ESC Council on Stroke

- 07.2013-02.2014** **Clinical Research Fellow**
Clinical studies in the field of cardiac arrhythmias (especially atrial fibrillation). Cardiology Department University Hospital of Heraklion, School of Medicine, University of Crete, Greece (Supervisor: Prof. E. Simantirakis)

AWARDS / GRANTS

- 2024** Award for 1st place in Echocardiography Quiz Competition “Dimitrios Mpelntekos”, International Seminars of Hellenic Society of Cardiology Working Groups, 2024, Athens
- 2023** Award for 1st place in the Cardio Quiz Competition, CardioATHENA Congress 2023, Athens
- 2023** EHRA 2023 Congress Educational Grant, European Heart Rhythm Association.
- 2022** Award "D. Ikkos" for the best presentation of a clinical case: "Investigation of acute myopericarditis" during the annual educational program of Evangelismos Hospital, Athens, Greece (Scientific Association).
- 2022** EHRA 2022 Congress Educational Grant, European Heart Rhythm Association
- 2021** International Society of Hypertension (ISH) Research Fellow (Number: 3445)
- 2021** EHRA 2021 Congress Educational Grant, European Heart Rhythm Association.
- 2020** EHRA 2020 Congress Educational Grant, European Heart Rhythm Association
- 2019** Grant/Scholarship for Postdoctoral Research “Effect of Renal Denervation on Atrial Fibrillation, State Scholarships Foundation, Hellenic Ministry of Education. Operational Programme «Human Resources Development, Education and Lifelong Learning» in the context of the project “Reinforcement of Postdoctoral Researchers - 2nd Cycle” (MIS-5033021),
- 2019** Research Award at the 40th PanHellenic Cardiology Congress for the paper entitled "The effect of sympathetic renal denervation on atrial fibrillation in patients with persistent hypertension". (ClinicalTrials.gov Identifier: NCT04055285)
- 2019** EHRA 2019 Congress Educational Grant, European Heart Rhythm Association
- 2019** ESC Heart & Stroke Congress Educational Grant, Working Group of Thrombosis (400 euro)
- 2018** EHRA 2018 Congress Educational Grant, European Heart Rhythm Association (850 euro)
- 2016** Maria Michail Manassaki's Scholarship of Excellence in PhD Studies, School of Medicine, University of Crete
- 2016** ESC Congress 2016 Educational Grant, European Society of Cardiology (ESC)
- 2015** 2nd best abstract presentation, “Georgios Merikas” award, 27th Panhellenic Congress of the society of General Practitioners, Hersonissos, Heraklion, Crete, Greece
- 2014-2016** A.G. Leventis foundation scholarship (300 euro/month for 3 years) for doctoral studies.
- 2011-2013** “N/E Mikroulaki” scholarship, Psychiatric Hospital “Dromakaitio”, Athens, Greece (2 years)
- 2011** “Kalliataki” foundation scholarship for undergraduate studies

MEMBERSHIPS, EDITORIAL & REVIEWING ACTIVITIES

Board/Nucleus member

- Communications and Young Community Coordinator (Nucleolus member) of the ESC Council on Stroke.
- Nucleus member of the EAPC Primary Care and Risk Factors Management Section
- Nucleus member of the EACP Prevention Implementation Committee
- Nucleolus Member of the ESC Working Group on Thrombosis Young Researchers
- Coordinator/President 2022-23 (Nucleolus Member) of the HCS Working Group “Young Cardiologists”, the official community of Young Cardiologists in Greece supported by the Hellenic Society of Cardiology (HCS). <https://www.hcsyoung.gr/en/hcs-young-english/>

TEACHING ACTIVITIES

03.2015-

08.2019 **Undergraduate lectures & practical lessons**, School of Medicine, University of Crete, Greece

3rd year medical students:

- a. Medical student supervision during patient care experiences
- b. “Medical history taking & physical examination” (lectures)

5th year medical students:

- a. Medical student supervision during patient care experiences
- b. “Atrial Fibrillation” (lectures)
- c. “Heart Failure” (lectures)
- d. “Arterial Hypertension” (lectures)

02.2019-

ALS (Advanced Life Support) Instructor, European Resuscitation Council (ERC)

Present

AMLS (Advanced Medical Life Support) Instructor, NAEMT

Instructor at the Hellenic Society of Cardiopulmonary Resuscitation (HSCPR).

2019-2020

Instructor at the National Center of Emergency Assistance (EKAB)

"Cardiovascular Pathophysiology" (6 hours) within the "Pathophysiology" course of the 2nd semester of the study program (2019-2020).

"Emergency Cardiovascular Care" (5 hours) within the "Emergency Pathology" course of the 2nd semester of the study program (2019-2020).

2021-

Present

Postgraduate lectures, MSc in “Arterial Hypertension and Related Cardiovascular-Kidney Diseases”, School of Medicine, National and Kapodistrian University of Athens, Greece.

Lectures: 1. “Hypertension and atrial fibrillation: pathophysiology, epidemiology and treatment options”

1. “Renal Denervation and Atrial Fibrillation”

2022-

Present

Postgraduate lectures, MSc in “Sleep Breathing disorders. Laboratory and clinical sleep medicine”, School of Medicine, National and Kapodistrian University of Athens, Greece.

Lectures: “Obstructive sleep apnea and Atrial fibrillation”

2022

CICU Nursing Staff, Lessons for “Heart Failure in Coronary Intensive Care Unit (CICU)”, Coronary Intensive Care Unit, Evangelismos Hospital, Athens, Greece

2023

ENT Physicians, Lessons for "Perioperative management of antithrombotic treatment" in the context of the continuing education of ENT physicians of the ENT department, Evangelismos Hospital, Athens, Greece.

2023

Chairman of Virtual Grand Rounds: New perspectives in the management of atrial fibrillation. Meeting the experts. **Online Lecture:** Digital health technologies in the integrated management of atrial fibrillation. Professor Gregory Lip, University of Liverpool, UK, 30th January 2023, Evangelismos Hospital, Athens, Greece

PARTICIPATION IN NATIONAL AND INTERNATIONAL CLINICAL STUDIES

- **ANTICIPATE** (Assessment of the Incidence of Clostridium difficile Infections in hospitalized Patients on Antibiotic Treatment)
- **Effect of Renal Denervation on Atrial Fibrillation** (ClinicalTrials.gov Identifier: NCT04055285)
- **ERSHAM: Effect of Renal Denervation on Stress, Hypertension and Anxiety Management**
- **HECMOS: Hellenic Cardiorenal Morbidity Snapshot**
- **SPY-AF: Satisfaction of patients after first procedure of Pulmonary vein isolation with cryoballoon or radiofrequency current for paroxysmal Atrial Fibrillation**
